For Immediate Release

August 7, 2021, 3:15 p.m. (ChST)

Showers and Brief Thunderstorms Continue; Practice Caution if Traveling in Rainy Conditions

The National Weather Service (NWS) Guam Weather Forecast Office issued a short term forecast for Guam and Rota and their coastal waters. Through 5 p.m., showers and possibly a brief thunderstorm is expected across Guam and Rota, with rain briefly heavy at times. Up to an inch of rain is possible, with brief flooding of roads and low-lying areas.

If driving, be alert for ponding of water on roads and for visibilities near zero in heavy rain. Seek shelter if lightning is seen or thunder is heard.

The Offices of Guam Homeland Security and Civil Defense (GHS/OCD) remind the community to practice caution while traveling in rainy conditions, driving below the speed limit and allowing enough braking distance between vehicles.
